# DISCLAIMER OF LIABILITY

The purpose of this White Paper is to present WMT Smart Finance Solutions and WMT Token to potential token holders in connection with the proposed Token sale. The information set forth below may not be exhaustive and does not imply any elements of a contractual relationship. Its sole purpose is to provide relevant and reasonable information to potential token holders in order for them to determine whether to undertake a thorough analysis of the company with the intent of purchasing WMT Tokens.

Nothing in this White Paper shall be deemed to constitute a prospectus of any sort or a solicitation for investment, nor does it in any way pertain to an offering or a solicitation of an offer to buy any securities in any jurisdiction. This document is not composed in accordance with, and is not subject to, laws or regulations of any jurisdiction, which are designed to protect investors.

WMT Token is a utility token. This product is not a digital currency, security, commodity, or any other kind of financial instrument and has not been registered under the Securities Act, the securities laws of any state of the United States or the securities laws of any other country, including the securities laws of any jurisdiction in which a potential token holder is a resident.

WMT Token cannot be used for any purposes other than those provided in the White Paper, including but not limited to, any investment, speculative or other financial purposes. WMT Token is not intended for sale or use in any jurisdiction where sale or use of digital tokens may be prohibited.

WMT Token confers no other rights in any form, including but not limited to any ownership, distribution (including but not limited to profit), redemption, liquidation, proprietary (including all forms of intellectual property), or other financial or legal rights, other than those specifically described in the White Paper.

Certain statements, estimates and financial information contained in this White Paper constitute forward-looking statements or information. Such forward-looking statements or information involve known and unknown risks and uncertainties, which may cause actual events or results to differ materially from the estimates or the results implied or expressed in such forward-looking statements. White Paper can be modified to provide more detailed information.

The information contained herein may from time to time be translated into other languages or used in the course of written or verbal communications with existing and prospective customers, partners etc. In the course of such translation or communication some of the information contained herein may be lost, corrupted, or misrepresented. The accuracy of such alternative communications cannot be guaranteed. In the event of any conflicts or inconsistencies between such translations and communications and this official English language White Paper, the provisions of this English language original document shall prevail.

## WHAT IS WORLD MONEY TOKEN?

World Money Token (WMT) is an ERC20 (BEP-20) token on the Binance Smart Chain (BSC) network meant to generate profit for its holders, at each transaction.

Each World Money Token (WMT) transaction is charged 5% as follows: 1% network development fee + 4% fee which is distributed to all World Money Token (WMT) holders. The more a person holds WMT Tokens, the more profit he generates, thus stimulating people to invest and hold this token.

For example, John wants to send Bill 100 WMT to pay his rent.

John sends 100 WMT of which:

- 1 WMT is sent to WMT Smart Finance Solutions™,
- 4 WMT is sent to all WMT Token holders,
- 95 WMT is sent to Bill.

Now Bill has 95 WMTs in his account that he can exchange into fiat or he can keep them into account and accumulate more commission from the transactions that WMT Token users make.

90% of the funds raised from the initial DEX offering (IDO), initial Ape Offerings (IAO) and Initial Farm Offerings (IFO) will be blocked in the exchanges where the initial initial offering was made.

Being a token on Binance Smart Chain (BSC) network, the liquidity funds will initially be available on PanCakeSwap and ApeSwap and will be listed on other DEX exchanges.

An IDO for WMT Token will also be available on **wmt.finance** available until July 1, 2022 (within the available tokens).
